

## Table 1

| Groundwater Monitoring Parameters |                       |  |
|-----------------------------------|-----------------------|--|
| Chloride                          | Iron                  |  |
| Manganese                         | рН                    |  |
| Phenols                           | Sodium                |  |
| Specific conductance              | Sulfate               |  |
| Total organic carbon              | Total organic halogen |  |
